WATER COMMISSIONERS' REPORT

Your Commissioners submit the following report for the year 1963.

Like previous years we have had lots of leaks which have cost considerable money repairing them, and for electricity pumping water that escaped from the system. We decided to do something about it.

After consulting with other water departments and the State board of health, we decided the only solution was to treat the water to neutralize any acid and iron which we knew existed in our w ater to some extent. We have installed a modern treatment plant and all water has been treated for about six months.

As we have heard of no complaints and we have had practically no leaks since this treatment plant was installed we believe it was a step in the right direction. You will find your ow n plumbing and fixtures will give you a lot less troubles.

We believe the water system is in good condition, it needs the tank painted which we probably will do this summer.

Respectfully submitted

REPORT OF CHIEF ENGINEER

The department answered the following calls the past year:

4 buildings
4 Grass and brush
1 Chimney
1 Automobile
2 Stand-by out of town
1 Dump
1 Resuscitator call
2 Building calls (Lebanon, Me.)
5 Forest Fires

Due to the lack of rain we had a very serious fire condition last fall. I would like to thank the members of the department and all persons of the town for their cooperation during this critical period and all through the year.

Respectfully submitted
Herbert Downs,
Chief Engineer, M.F.D.

MILTON MILLS FIRE CHIEF

REPORT OF MILTON MILLS FIRE CHIEF

To the Commissioners and Voters of the Milton Mills Fire District.

The following calls were answered in the District from January 1, 1963 to Dec. 31, 1963.

3 Chimney Fires

1 False Alarm
1 Brush Fire
1 Truck Accident
1 Flooded Oil Burner

The following calls were answered outside the District from January 1, 1963 to December 31, 1963.

3 Chimney Fires (Acton, Maine)
4 Building Fires (Acton, Maine)
1 Forest Fire (Acton, Maine)
1 Dump Fire (Sanbornville, N. H.)
1 House Fire (Union, N. H.)
1 House Fire (Wakefield, N. H.)

The 500 gallon hour pumper that was ordered from Howe Fire Co. of Indiana was delivered in January of 1963 and was passed by National Board and New Hampshire Board of Underwriters, therefore we were given a new rate of Insurance from an E1 rate to an E2 rate. This means that the rate of Insurance won't change for people that live one mile from the fire station but people who live over one mile but not over 2 miles will be entitled to a better rate.

Want at this time to thank all for their efforts and help that has been shown in the past year.

Respectfully,
Damon Pike
Chief, M.M.F.D.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood.

In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinguishing of personnel rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention how ever, is not just an activity for the bad fire years. It must be preacticed until it becomes a part of our public conscience--a habit. Just plain carelessness with fire causes too many of our fires.

The following practiced and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is dow n or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump - its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

The printer of this report wishes to extend his apologies for the late delivery of the job.

At the time of accepting copy, it was planned to produce it letterpress method, but, due to a chain of circumstances to lengthy to relate here, it was neccessary to produce them by the offset process.

The printer wishes all concerned to realize the late delivery was production problems, and not the fault of Selectmen or Town officials.

Sincerely,

Donald C. Taylor

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

—To the Inhabitants of the School district of the town of Milton qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the 7th, day of March 1964, at 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as

are estimated to be received from he state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the tow n.

9. To see if the school district will vote to close the Milton Mills school thereby providing single grade instruction for every pupil in Milton and reducing the budget by $3,600.00.

10. To see if the district will vote to elect their school district officers at tow n election day in the future.

11. To see if the district will vote to raise and appropriate the sum of $10,000.00, or as much thereof as may be received by the district from the New Hampshire Sweepstakes under RSA 284, for the paving of the parking area at Nute High School, the expenditure to be contingent on estimated revenue from this source, and the board to make no commitments to spend the money until it receives the Tax Commission's estimate which will be made in connection with approving the tax rate.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Milton this 21st day of February 1964.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Milton:

The citizens and pupils of Milton are again enjoying a very successful year under the able administration of Principal Callahan and a competent staff of teachers.

School opened in September with a total enrollment of 460 pupils which is an increase of 26 pupils over last years total of 434. There were 218 in grades 1 - 6; 60 in grades 7 & 8; and 182 in grades 9 - 12.

Also, in September, school opened with the following changes in personnel: Miss Ethel Mace replaced Mrs. Doris Lowd in grades 1-2-3 at Milton Mills. She resigned in November and was replaced by Mrs. Pike: Mr. Irving Johnson replaced Mr. Richard Wheeler in the area of Science; Mr. Robert Grondin replaced Mrs. Paulette Alden in French; Mr. & Mrs. Wilbert Nutter replaced Mrs. Dorothy Bassett in instrumental music and Mr. Julian Leach replaced Mrs. Barbard Cook in vocal music.

A Guidance program, under the direction of Mr. James Regan, has been added to high school program as well as library services under the direction of Mrs. Ruth Plummer. These additions complete the "Minimum Standards" requirement to become approved by the State Board of Education as a comprehensive high school.

It is highly recommended at this time that the Milton Mills school be closed and that the pupils be transported to the Milton Grammar school. It is not economically feasible nor educationally sound to continue this operation. You are urged to read Principal Callahan's report for the detailed facts of this recommendation.

Effective July 1, 1964, the towns of Brookfield, Middleton and Wakefield will be added to Supervisory Union #44; this is in accordance with the State Board of Education's master plan. The Board also voted to tender an Assistant Superintendent to this newly created union, recognizing the size and supervisory responsibilities of the present union as well as the additional burden that would be placed upon the central office by adding the three districts mentioned above. The Joint-Board of Supervisory Union #44, on November 21st., voted to accept the position of an Assistant Superintendent. This should result in more adequate supervision at a very slight increase in cost, if any, since the apportionment will be divided among ten towns in lieu of seven.

The preliminary current cost per pupil in attendance, transportation, exluded, in Supervisory Union #44, for tuition purposes, as reported by school districts based upon 1962-63 expenditures. Source: State Department of Education.

REPORT OF PRINCIPAL

MILTON PUBLIC SCHOOLS

To the Superintendent of Schools:

Milton Public Schools opened on September 4, 1963 with an enrollment of 464 students and a staff of 20 full time teachers and 3 part time teachers. These figures represent an all time high in enrollment and if the present trend continues, serious overcrowding conditions will develop.

There were three changes and one addition to the teaching staff in the school system. There were no changes in the Elementary school. There was one change at Milton Mills. Mrs. Doris Low d could not return to her teaching position because of ill health. A number of factors, i.e., shortage of teachers, three classes in one room, and low salary scale prevented the hiring of a teacher qualified to teach the three primary grades. Mrs. Rosamond Pike is teaching the primary grades at the present time and w ill fill out the year.

At Nute High there were two changes and one addition to the staff. Mr. Irving Johnson replaced Mr. Richard Wheeler to teach science and Mr. Robert Grondin replaced Mrs. Paulette Alden to teach French, art and Business Law . Mr. Albert Gile was added to the staff to relieve some of the teaching load in the science courses and to replace Mr. Regan in the classroom so that Mr. Regan could spend three periods a day working in guidance.

There were tw o changes in the part time teaching staff. Mr. and Mrs. Wilbert Nutter succeeded Mrs. Dorothy Bassett in instrumental music. Mr. Julian Leach replaced Mrs. Barbara Cook in vocal music.

Mr. Harold Sanborn was appointed to the position of teaching principal in the Elementary School. Mr. Sanborn has been handling many of the administrative

problems in the Elementary School and is doing a fine job.

Mrs. Elizabeth Watman, who resigned on January 24, 1964 has been replaced by Micheal Latvis, who was graduated from the University of New Hampshire during the month of January. Mr. Latvis is teaching 9th and 10th grade English.

The major change in the curriculum in the elementary schools was made in the arithmetic program. One of the so-called "New Math" programs was adopted. The course of studies, published by the Encyclopedia Britannica Company, was used last year in grades 1,2, and 3, and this year was adopted for all grades in the Elementary School. This new math program varied so much from the traditional math, that many parents became disturbed over the papers their children were bringing home. To help explain this new math approach to parents, the teachers of the Elementary School, led by Mr. Sanborn, held special night classes for them.

There were several changes in the curriculum at Nute High School. Many of these changes were brought about in an attempt to meet the new State Department of Education's Minimum Standards as a "Comprehensive High School". Nute has met these standards as far as was possible. Curriculum changes w ere made in the following subjects:

English. The only change made in this department was to divide 12 grade English into two sections. At the present time, every English class at Nute High School in grades 9 through 12 is divided into tw o sections.

French. A fourth year of French was offered as an elective last year. No students signed up for the course so it was not scheduled.

Mathematics. One change was made in the curriculum of the mathematics department. A second year of general math w as offered and consumer math was dropped. In the four year college math program, no

changes were made in the curriculum but two new texts were adopted. These texts are published under the sponsorship of the School Mathematics Study Commission. They are being used in 10th grade geometry and in 11th grade Algebra II.

Science. The major change in the science curriculum was the adoption of physics and chemistry as subjects offered each year and the dropping of Earth Science as an offering. Due to class size, biology was divided into two sections and general science was offered in the 10th grade.

Social Studies. In the social studies curriculum, Civics was dropped as a requirement for all students in the college preparatory classes. World History was divided into two sections. The first section, offered in the 9th grade, covers from early man to 1815. The second section covers from 1815 to the present and is offered to the 10th grade students. This course has been enriched by the introduction of paperbacks purchased through the University of New Hampshire's Bookstore.

Guidance. Guidance was added to Nute High School's program to meet the State Department of Education's Minimum Standards. Mr. Regan has very ably taken over these duties. The program offers help to the students in 5 areas. They are: 1. Interest and Aptitude Inventories; 2. Accummulative Records; 3. Counseling; 4. College or Job Placement; 5. Following up Graduates.

In addition to the work ordinarily done by the custodians, the following work was completed last year. At Milton Mills School crash bars were installed on the front doors of the school. Wire screening was placed over the windows in the basement of the school to protect the glass against baseballs and falling ice.

At the Elementary School, the walls and ceiling of the 6th grade room were painted. The floors in the 4th, 5th and 6th grade rooms were sanded and finished. Curtains

were purchased and installed in the second and fourth grade rooms. The cafeteria at the high school was closed and all the furnishings were moved to the Grammar School. All students are being fed hot lunches in the Elementary School this year. Loam w as placed on banking on the south side of the school to stop the erosion of soil. The front of the school should be graded and loamed to prevent further erosion there. The driveway used by the buses and cars should be paved to prevent the washing away of gravel.

The following repairs w ere made at Nute High School. The drinking fountain was removed from the gymnasium. The gymnasium floor has been repaired. A drainage ditch was dug around the west side of the gym and perforated pipe was laid to carry the water away from the gym wall. This pipe was not laid until late fall so its effectiveness will not be known until next summer. A storage area for rubbish cans was constructed in the courtyard. The following people donated labor or materials to the storage project; Mr. Maurice Labrie, Mr. Robert Vachon, Mr. Maurice Savoy and Mr. Walter Moody.

One problem that needs to be considered carefully, is the situation at Milton Mills. It is getting progressively harder to find teachers who are qualified to teach all the subjects to three grades in one room. If Milton Mills were closed, it is possible to place every student in the Milton Elementary System in a one teacher to one grade situation and at the same time effect a savings of approximately $3600. This would include transporting students from Milton Mills to the Elementary School.

I would like to thank the School Board, Mr. Martineau, and all other persons and organizations who have given so generouly of time and energy to make the Milton School System better.

Respectfully submitted,
John Callahan

REPORT OF SCHOOL NURSE

To the School Board, Superintendent of Schools and the Citizens of Milton:

I hereby submit my fifth annual report as school nurse.

There has been few if any changes made in the health program this year. The program includes checking vision, teeth, heights, weights and scalps in all grades in the Milton and Milton Mills schools. Children in grades 1-3-5-7-9-11 as well as those who participate in sports were given a physical examination by the school physician, Dr. George Quinn, of Farmington, N. H. Any defects found were reported to the parent and advised to consult their family physician. The children in Milton Mills in grades 1-3-5 were also examined by the school physician. My program has been to check the hearing of children in grades 1-2-3-5-7-9-11, as w e share the Audiometer with five other tow ns this is not always possible. Scalps are inspected several times during the year to prevent the spread of pediculosis if any.

Referrals and appointments were made to the Child Guidance Clinic in Dover, Concord and Manchester. Transportation was furnished to some of these clinics.

Orientation Day as held May 15, with twenty-six bright eyed girls and boys present. Each child was weighed, measured besides having their vision and teeth checked.

There has been the usual number of virus infections. Nine cases of chicken pox and eight cases of german measles were reported to me.

Following is the statistical report of the health work for 1962-63 school year.

T. B. Patch testing was done on 535, this included students, teachers, cooks, secretary and janitors.

I attended three nurse's workshops, two in Concord, the N. H. School Nurse-Teachers convention held in Manchester, N. H. and one that was held at Crotched Mt. Rehabilitation Center in Greenfield, that was a very interesting meeting and really worth while.

I wish to thank the Milton Woman's Club for sponsoring my dental clinic, the Lions Club for glasses and the Salvation Army for boots and shoes. Their gift was greatly appreciated. It would be most unfair if I did not mention the help and cooperation the Visiting Nurse Association has given me in sponsoring my clinics in the past. Without their help it would have been very difficult to have given the public this service.

I have not held any clinics this year but plan to this spring (1964) offering tetanus shots and boosters to adults as well as children. We also plan to give triple shots and boosters to younger age groups. This clinic will be given

with the help of the Visiting Nurse Association. Their assistance has been most gratifying. I feel that the school and district nurse combination make an ideal set up in a town the size of Milton and by having this combination one is able to offer the town a better service. I have been told that the federal government is strongly encouraging this program in small towns.

It is again I take great pleasure in thanking the School Board, Supt. Martineau, Principal, Mr. Callahn, teachers and other members of the staff as w ell as parents fo their close cooperation.

Respectfully submitted,
Mildred L. Gilman, R. N.
School Nurse.
